***INCOG NOTE:** These survey results were developed by Charlene Lawrence, Claremore stormwater manager, via email and phone requests. INCOG performed a follow-up email request to its GCSA members to make changes as needed. At the June 15 GCSA meeting, members said that they would like to have an expanded survey of stormwater utility fees and of other program information conducted by INCOG in about 1 year.*

**DISCLAIMER:** The information presented in this table may contain errors in the true fee structure for cities. Fees change frequently, and errors may have occurred in obtaining and transferring the data. Always check with the city’s stormwater manager or other city official to obtain the most up to date fees for stormwater.
